

The International Joint Symposium 2025 on Innovative Research and Development (ISIRD)

Theme: Connecting International Cooperation Research, Development and Education on Technology

Conference Outline

The International joint symposium 2025 on Innovative Research and Development is the third meeting between Ho Chi Minh City University of Technology - VNU HCM (HCMUT) and Kurume KOSEN, National Institute of Technology, Kurume College. The first symposium was held in 2020, focused on Materials science and technology.

The joint symposium 2025 will be held from March 9th to 10th in 2025. Theme of the symposium is "*Connecting International Cooperation Research, Development and Education*". This international joint symposium will be attended by professors and students who study on electrical and electronic engineering, control and information systems engineering, bio and applied chemistry, and materials system engineering. We hope to have stimulating and lively discussion in Ho Chi Minh city (Vietnam).
